Carlo Carraro is Professor of Environmental Economics and Econometrics at Ca' Foscari University of Venice. He holds a Ph.D. from Princeton University. He has been President of the University of Venice from 2009 to 2014 and Director of the Department of Economics from 2005 to 2008. In 2008, he has been elected Vice-Chair of the Working Group III and Member of the Bureau of the Nobel Laureate Intergovernmental Panel on Climate Change (IPCC). He is also Director of the Sustainable Development and Climate Change Program of the Fondazione Eni Enrico Mattei (FEEM), Executive Board Member of the Euro Mediterranean Centre on Climate Change (CMCC) and Director of the International Centre for Climate Governance (ICCG).

Carlo Carraro is Co-Chair of the Green Growth Knowledge Platform (GGKP) Advisory Committee and a member of the Scientific Committee of the Harvard Environmental Economics Program (HEEP); the Institute for Economic Research (Ifo, Munich), the Mercator Research Institute on Global Commons and Climate Change (MCC, Berlin); the Centre for Applied Macroeconomic Analysis (CAMA, Australian National University). He is research fellow of the CEPR (Center for Economic Policy Research, London), and CESifo (Center of Economic Studies, Munich), and Associate Research Fellow, CEPS (Center of Economic Policy Studies, Bruxelles).

In 2009, he has been awarded the Sustainable Energy Prize by the Italian Association of Energy Economists. He is the Editor of the *Review of Environmental Economics and Policy*, and belongs to the editorial board of numerous academic journals. He published more than 30 books and more than 200 articles on several economic, energy and environmental issues.
