

Adrien Bousseau

Adrien Bousseau is a researcher at Inria Sophia-Antipolis in the GraphDeco research group. He did his PhD at Inria Rhone-Alpes with Joëlle Thollot and Francois Sillion and a postdoc at UC Berkeley (USA) with Maneesh Agrawala and Ravi Ramamoorthi. He also did short visits at MIT and Adobe during his PhD. He works on image creation and manipulation, in particular on image stylization, image relighting, vector graphics and sketch-based modeling. He received one of the three Eurographics 2011 PhD award.
