Ariel Shamir

Ariel Shamir is a Professor at the school of Computer Science at the Interdisciplinary Center in Israel, where he is currently the vice-dean. Prof. Shamir received his Ph.D. in computer science in 2000 from the Hebrew University in Jerusalem. He spent two years at the center for computational visualization at the University of Texas in Austin. Prof. Shamir has numerous publications in journals and international refereed conferences, and a number of patents. He has a broad commercial experience working with, and consulting various companies including Mitsubishi Electric, Disney, PrimeSense (now Apple) and more. He is an associate editor for 'Transactions on Visualization and Computer Graphics' and 'Computers Graphic Forum' journals. Prof. Shamir specializes in geometric modeling, computer graphics, image processing and machine learning.
