An overview article on the thrust of my artwork in its relationship with my scholarship appeared in December 2020 in *Artium Quaestiones*, a journal from the University of Poznań, Poland. The special issue, edited by Filip Lipiński, is titled *The Cinematic Turn in Art Practice and Theory*, and the opening article "Cinematic Art (History) and Mieke Bal's Thinking in Film", 5-38. The issue contains another article on my artwork, in Polish.

In March 2022 a book appeared in which I extensively analyze the relationship between this work of art making and my academic work.
