À l'occasion de sa leçon inaugurale, le pôle patrimonial vous propose de découvrir des articles de Lydéric Bocquet ainsi qu'une sélection d'écrits sur la mécanique des fluides.

HAL is a multi-disciplinary open access archive for the deposit and dissemination of scientific research documents, whether they are published or not. The documents may come from teaching and research institutions in France or abroad, or from public or private research centers.

L'archive ouverte pluridisciplinaire **HAL**, est destinée au dépôt et à la diffusion de documents scientifiques de niveau recherche, publiés ou non, émanant des établissements d'enseignement et de recherche français ou étrangers, des laboratoires publics ou privés.
